

SETTING THE BENCHMARK IN EDUCATION

*We have the best ITALIAN Kindergarten.
We want to streamline the future of
as many children as possible with
our MODEL as we believe in:
"The value of an idea
lies in the using of it."*

Mr Ritzy

ABOUT US

In 2010, it was registered in the Chamber of Commerce in Italy. We became Cambridge Exam Centre and we also partnered with British Council for IELTS. In 2011, we started our first kindergarten. Today we have our presence in ITALY, GERMANY, ROMANIA and INDIA.

In a short span of 10 years we have made ourselves an international brand of Preschools that has a curriculum to suit any country in any continent.

Our model has been successful in Europe and Asia.

And so now, we want to work on numbers, that would be growth for us and success for our Research and Development(R&D) Team that has been working on this project relentlessly since a decade.

CURRICULUM

Our curriculum is the backbone of **RITZY SCHOOLS**. The basic principle of our curriculum is "Child Development" and "Child Learning". We believe in stress-free learning. Our children are not forced to learn, but encouraged to participate and are involved in various sensory, exploratory and interesting activities to foster their holistic development and hasten their learning process.

*"Tell me and I forget.
Teach me and I remember.
Involve me and I learn."*

PEDAGOGY

We at **RITZY SCHOOLS** foster **BAGLESS** concept. Children learn and practice at school. Our learning material has been carefully researched and selected prudently. We have maintained high international standards in terms of academics. Organising various events, festivals and other exhibitions are also a part of the curriculum. Decant is our teaching tool. This tool helps in Cognitive Development of children during early education using the three central concepts of Neuro- Linguistic Programming (NLP): subjectivity, consciousness and learning. To tune up the learning process to International Standards, we use Zaner-Bloser Handwriting and Dolch word list, appropriate for the student's class and age through stories and fairy tales. Once these basic sight words have been memorised, children read more fluently, with greater comprehension skills.

ASSESSMENT SYSTEM

- Fine Motor skills
- Reading & Writing Skills
- Math Concepts
- Character Development
- Aptitude
- Student Profile

MILESTONES

BENEFITS FOR CHILDREN

By the end of four year's learning program in **RITZY SCHOOLS** the child is ready for further learning and following the instructions given in primary school with well developed:

- | | |
|-----------------|-------------------|
| ▲ Pre-math | ▲ Pre-literacy |
| ▲ Communication | ▲ Language Skills |

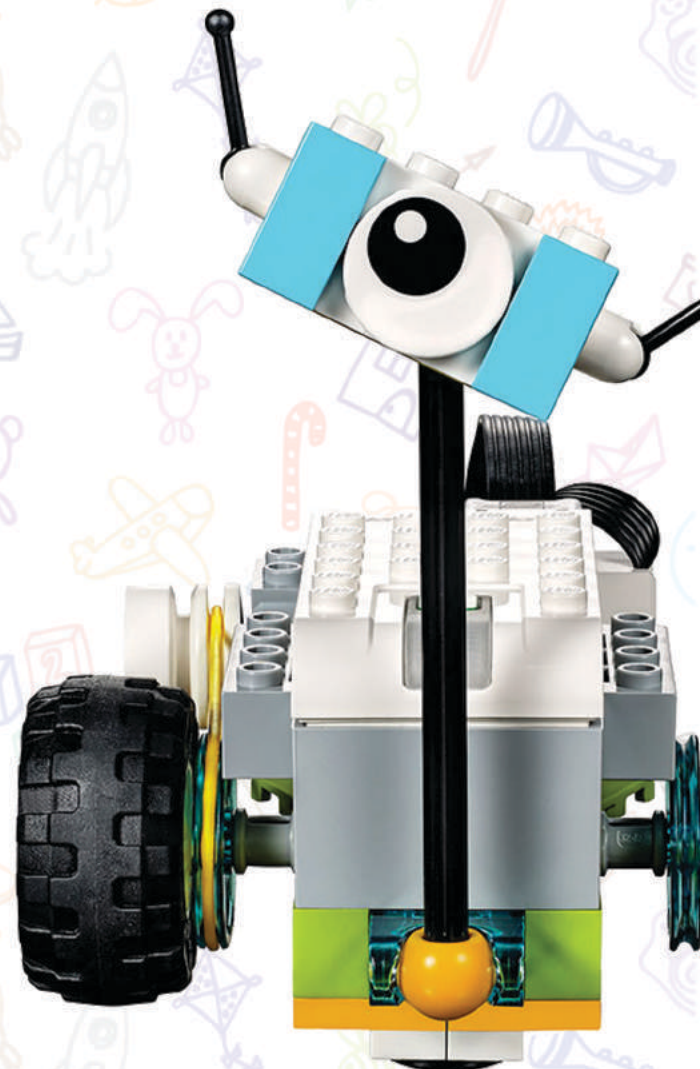

Once the child is benefitted, the benefits will definitely trickle down to us as well. Our success lies in the success of students and the satisfaction of parents.

Robotics

▲ Integrating robotics into early childhood education helps close gender and SES based gaps in the achievement related to STEM fields.

▲ For children in Pre K-2, robotics can introduce STEM concepts to them in a playful way, there by encouraging them to be excited about further exploration in Science, Technology, Engineering and Math!

GYMNASTICS

- ▲ We at **RITZY SCHOOLS** believe that the **Gross Motor Skills** of the child need to be developed in a very organised way and the time spent in developing these skills should encourage the child to participate in the **International Events**. Hence, we have introduced **Gymnastics** into our **Preschool Curriculum**, where children are trained from the age of 1.5 years.
- ▲ We are the **ONLY** Preschool in **INDIA** to introduce **Gymnastics** from the age of 1.5 years. And our **International Standards of Gymnastics Curriculum** for kids provide the foundation for **Olympics & other International Sport Events**.

MOBILE APP

- ▲ **RITZY Learning App** is the first of its kind in the world with hitech system of tap, learn and play to attract the attention of the child and develop his/her reasoning skills.
- ▲ **RITZY Learning App** includes Rhymes, Stories, Activities to develop Sensory & Motor skills, Cognitive skills, Speech & Language skills, Reading & Listening skills, Social & Emotional skills, Basic Literacy skills, etc., for children in the age group of 1.5 to 6 years.

Key Features of APP

- ▲ **Weekly Curriculum**
- ▲ **Attendance**
- ▲ **Performance**
- ▲ **Dairy**
- ▲ **Communication with School**

RITZY'S

USP

- ▲ Our Teaching Tool 'Decant' and our Assessment System 'Milestones' based on NLP are the **FIRST** of its kind in the world of Early Childhood Education and Care (ECEC).
- ▲ We are the **FIRST** Preschool in the **WORLD** to introduce NLP in ECEC.
- ▲ We are **WORLD'S FIRST** chain of bag less and stress free Preschools.
- ▲ A truly European Preschool where the teaching Staff have undergone 250 hours of Cambridge Certified Teachers Training.
- ▲ Our K-2 children are groomed to take Cambridge Young Learners English Examination.
- ▲ First Preschool in Indian History to introduce Robotics and Gymnastics in our Curriculum.
- ▲ Live CCTV Feed for Parents.
- ▲ Biometrics - High End Security Systems.
- ▲ Child Safe and Extremely Hygienic Ambience.
- ▲ Frozen Fee Structure.
- ▲ 12 hours a day facility of Day Care for working parents.
- ▲ Children from the age of 9 months to 14 years can avail our professional care giving services with International Standards.

OUR INTERIORS

- ▲ Our interiors includes indoor Toys, Educational Toys, Set up Material, Shapes, Numbers and Beads Set,
- ▲ Conceptual learning, Theme Puzzles, Magnetic Bench, Take Apart Puzzle, Sewing Toys, etc.
- ▲ All our play and educational toys are imported from Germany, Italy and USA.
- ▲ All walls painted with unique 3 D frescoes.

- ▲ **Our European Language Centre in Italy & Asian Centre located in Hyderabad offer wide range of Quality Programmes with International Standards.**
- ▲ **We specialise in Preparation Courses for Cambridge, IELTS and TOEFL examinations.**
- ▲ **Languages- English, Arabic, French, German, Italian, Swedish, Mandarin, Russian, Romanian and Spanish.**
- ▲ **Seven levels from Complete Beginners (Syllabus A) to advanced (Syllabus D) & Post A level (Business, Current Affairs and Culture, Social, Historical and Political, Professional Purposes, Academic Purposes, Translation Skills)**

LANGUAGE CENTRE

NEUROSCIENCE

- ▲ RITZY'S unique Right Brain Development Programme is the result of the three decades of Research and Integration of Dr Aperna Volluru, who has done her Doctorate from Essex University in UK and has presented thousands of research papers in Conferences across the Globe.
- ▲ Our Neuroscience skill courses include Mind Mapping, Neurobics, Super Memory Power, Basic Concentration, Quantum Reading, Vedic Arithmetic Science, Mega Memory Power, etc.
- ▲ Meta learning concepts used in developed countries include Memory, Accelerated Absorption, Speed Reading, Brain Wave Control and Cognitive Optimisation.
- ▲ Our Neuroscience and Meta skills programme also gives Class 12th Students on completion, an opportunity to become a Vocational Trainer recognised by National Skill Development Council and get part time or full time jobs.

DAY CARE

- ▲ We at **RITZY SCHOOLS** believe that every child is the fruit and bearer of a story and therefore his/her inclusion in the Daycare (the Nest) is taught in continuity with the family context to favour the child's holistic development.
- ▲ Everyday work involves involvement with families to facilitate the daily transition of the child from home to the Nest. For this reason, parents are made participants of the child's day through the story, the daycare sheets, the photographs and the exhibition of children's works.
- ▲ The Nest, in order to respond more and more concretely to the need of parents has **Live CCTV Feed**, **Biometric Security Systems**, **Learning and Management App** and **Child Safe** and extremely **Hygienic Ambience**.
- ▲ It also offers the opportunity to the parents to participate in a series of in- depth meetings on issues related to the development and well-being of the child.
- ▲ Our **Nap Rooms** and **Diaper Change Stations** give an extra mileage to our **Day Care** facility for **Infants**.

HI !
My name is
Mr Ritzy
I am the Mascot.

I am a beaver. Beavers are known for their natural trait of building dams on rivers and streams, and building their homes. Beavers also build canals to float building materials that are difficult to haul over land.

The beavers are famed for their industriousness and their building skills. They are also called Nature's Engineers.

The English verb "to beaver" means to work hard and constantly.

We at **RITZY SCHOOLS** want everyone in our family to be like a beaver.

I, Mr Ritzy represent our incessant endeavours to contribute our best to Early Childhood Education & Care.

We are affiliated to

**Cambridge Assessment
English**

Authorised Exam Centre

We are partnered with

**We have European Union's
Curriculum**

**We are registered in the
Italian Chamber of Commerce**

**Camera di
Commercio
Bari**

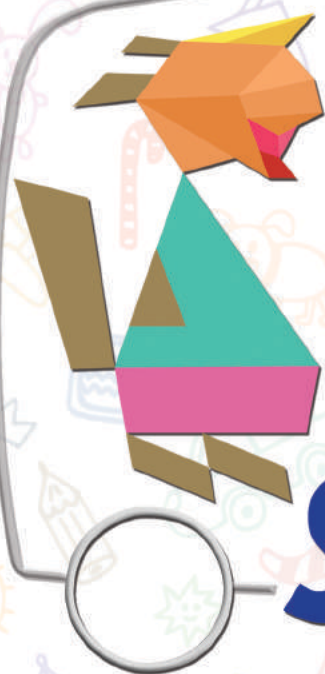

EAST WEST ETHOS

Our Kindergaten team is professional, competent and creative who are trained to construct lessons using the three main domains of learning:
Cognitive (thinking),
Affective (emotion/feeling),
Psychomotor (physical).

As you get to know more about us, you will see, we are more than a school. It's the very essence of what we do. Our philosophy, our people, our commitment and our resources are all focused on helping us to give the children an excellent start in life, exposing them to the best of both oriental and occidental ethos. When this is achieved, success is assured.

Welcome!
